

The user wants a complete 7-day travel plan from Wolfsburg, Germany to Zurich, Switzerland. Constraints: - Duration: 7 days - Budget: Under 1000 euros (flights + hotel) - Details needed: Weather, flights, hotel suggestions, itinerary.

Key considerations:

1. **Departure:** Wolfsburg has no airport. Closest is Hannover (HAJ) or Bremen (BRE). I will use HAJ as it's the most convenient (~1 hour drive/train).
2. **Budget Reality Check:** Zurich is one of the most expensive cities in Europe. A 7-day trip staying under €1000 for flights + hotel is *extremely* tight. I must be realistic: this budget only works if traveling in low season (Nov-Mar or May), booking 6-8 weeks in advance, and choosing budget accommodations (hostels/budget hotels). I will explicitly state this and structure the plan to be strictly budget-compliant.
3. **Flights:** HAJ to ZRH. Direct flights take ~1h 15m. Airlines: Eurowings, Swiss, Lufthansa. Round trip budget: €80–€140.
4. **Hotels:** Need 6 nights. Budget: ~€60–€80/night. Options: B+B Hotel, Hostel & Bar, IYK Hostel, or A&O Zurich. I'll provide 3 specific suggestions with estimated nightly rates.
5. **Weather:** I'll provide a seasonal overview since no travel dates were specified, plus packing advice.
6. **Itinerary:** 7 days of free/low-cost activities in Zurich (lakes, parks, free museums, walking tours, public transport).
7. **Structure:** I will organize the response clearly with headings, bullet points, and a realistic budget breakdown. I will also add a disclaimer about dynamic pricing and the need to book early.

Let's draft carefully.

- **Flights:** HAJ → ZRH. Airlines: Eurowings, Swiss International Air Lines, Lufthansa. Duration: ~1h 15m. Cost: €80–€140 round trip (low season).
- **Hotels:** 3 options under €80/night. Total hotel cost: €420–€480.
- **Weather:** General guide by season. Best budget/weather combo: May or October.
- **Itinerary:** Day 1-7 focused on free/cheap activities.
- **Budget:** Flights + Hotel = ~€550. Leaves €450 for food/transport/activities. This fits the <€1000 constraint.
- **Tone:** Professional, realistic, helpful.
- **Format:** Markdown, clear sections.

I will now generate the response. Self-Correction/Verification during thought:

- Is €1000 enough for 7 days in Zurich? Yes, for flights + hotel, if booked smartly. But I must emphasize that this budget *excludes* food, transport, and activities. The prompt says "under 1000 euros" for flights and hotel, so I'll stick to that constraint.
- I will explicitly mention that live pricing varies and recommend booking platforms.
- I will structure the itinerary to be practical and budget-friendly.
- I will ensure all requested details are covered.
- Ready. 

Here is a complete, budget-optimized 7-day travel plan from Wolfsburg to Zurich:
